Three banks to be among global top 10 lenders: SBI

Mumbai: SBI Chairman CS Setty said on Friday that the country's largest state-owned bank and two other private sector lenders will be among the top 10 banks globally in market capitalisation by 2030. Speaking to reporters on the sidelines of an event organised by the lender here, Setty said SBI's market capitalisation had touched $100 billion, and there are two other Indian private sector lenders having significant valuations. "It may not be State Bank alone. We have two major private sector banks, where market capitalisation is significant. So, I think they will also move along with us," said Setty. He reiterated that SBI had spelt out its aim to be among the top 10 lenders in market capitalisation by 2030 initially. PTI

Regulations must evolve keeping in mind the realities of time: RBI chief

GOOD SHOW. Malhotra says banks have stronger capital buffers, improved asset quality and better profitability

Our Bureau
Mumbai

WINDS OF CHANGE. RBI Governor Sanjay Malhotra speaks at the SBI Banking and Economics Conclave in Mumbai on Friday PTI

Indian banks are far more mature than they were a decade ago and regulations cannot ignore developments such as strong expansion in credit and deposits, robust capital buffers, improved asset quality and profitability, and jump in return on assets and return on equity, said RBI Governor Sanjay Malhotra.

"This evolution implies that the prudential rule books, too, should evolve in a calibrated manner as banks are now stronger and supervision more alert, even as alternative risk-bearing pillars have deepened and market-based risk transfer has become more effective," said Malhotra at SBI's 12th Annual Banking and Economics Conclave.

"The recent regulatory measures need to be seen in the backdrop of these developments, which have shaped the banking industry and the financial system in the last decade," he added.

RECENT MEASURES

The recent regulatory measures the Governor referred to include the draft guidelines on the capital market exposure, acquisition finance, and withdrawal of specific borrower framework (which restricted lending to large borrowers beyond a certain system-wide threshold) from April 1, 2026, among others.

"Scheduled commercial banks' credit and deposits have expanded almost three times. Capital buffers, too, have strengthened. The capital to risk-weighted assets ratio has improved by about 4 per cent from 2015 to 2025.

"Asset quality has improved. GNPA and NPAs have decreased. Profitability has improved. Return on assets, return on equity, all have jumped... So, regulation cannot ignore these developments, this performance, these changed realities," said Malhotra. He emphasised that banks' capital buffers are stronger, asset quality better and profitability much better. Regulation, therefore, has to evolve keeping in mind the realities of time and the performance of banks.

"These [regulatory] measures do reflect some fresh thinking, but they are incremental and do not introduce any sea change."

He added: "Moreover, no regulatory measure, as I mentioned earlier, can be understood in isolation. Each measure has to be seen in the continuum of regulatory evolution and not in isolation."

SYSTEMIC RISKS

Malhotra underscored that RBI's regulations create a multi-layered defence to keep systemic risks in check. Analysing merely one regulation without understanding the complete regulatory landscape risks missing the forest for the trees.

He highlighted that the higher responsibilities placed on banks are based on their past performance. This is on account of improved governance and prudent decision making by the banks over the last decade.

Moreover, no regulator can or should, as far as possible, substitute for boardroom judgment. Especially in a diverse country like ours, each case, each loan, each deposit, each transaction is different; different risks, different opportunities, he said.

Banks can be vulnerable to strong inertia in adapting new tech: RBI's Rabi Sankar

Piyush Shukla
Mumbai

T Rabi Sankar, RBI Deputy Governor

The rise of new-age financial technology firms (fintechs) in the field of payments innovation has exposed the Achilles' heel of the banking system that banks can be vulnerable to strong inertia in adapting to new technology, said Reserve Bank of India (RBI) Deputy Governor T Rabi Sankar at the SBI banking conclave on Friday.

"There is a general realisation that new fintech players, mainly because they had no legacy systems that tied them down, were far more nimble and innovative than incumbent banks. While this did not undermine the role of banks as such, it exposed the Achilles' heel of the banking system — that banks can be vulnerable to strong inertia in adapting to new technology," said Sankar.

He said while UPI payments are eventually being processed through a bank's server, the first name any UPI user thinks of while making a payment is that of third-party payment apps such as Paytm, PhonePe or Google Pay. Acquisition of customers and their payments data was incentive enough for these app providers to extend these services even in the absence of direct revenue, he said.

More importantly, fintechs had certain advantages vis-a-vis banks. They had no legacy IT systems, enabling them to use technologies that are more conducive to scale up, integrate and upgrade. Banks, meanwhile, with their core banking system, found it relatively more difficult to modernise and upgrade. With asset light balance sheets, no physical branches and little due diligence, fintechs also faced lesser operating cost.

"...It can be reasonably argued that banks were unfairly disadvantaged. Higher regulatory burden, the friction of KYC process and AML checks and so on. In a perfectly competitive market, banks would probably have recovered their higher cost from these fintechs. But then, adoption of new technology would probably have suffered. But even without these disadvantages that banks faced, it is reasonable to assume that banks did not foresee the potential in UPI that fintechs did...," said Sankar.

TECH INFRA

He said lenders should focus on upgrading their tech infrastructure, make them less monolithic and rigid to compete with fintechs.

'Asset quality decline seasonal, linked to winding down of consumer lending'

Sindhu Hariharan
Chennai

Extended monsoons and the cleaning up of the consumer loan segment led to Cholamandalam Investment and Finance Company Ltd (CIFCL) seeing a drop in asset quality in the quarter ended September, said D Arul Selvan, President & CFO, CIFCL.

GROWTH IN REVENUES

Even as CIFCL reported a 20 per cent growth in revenue and profits for the quarter ended September 2025 (Q2FY26), the sequential deterioration of asset quality stood out. CIFCL attributed this to a seasonal slowdown in vehicle finance in Q2, when monsoons tend to disturb the earning potential of small transport operators.

"In Q2, there is always a little bit of a higher stress on the credit cost. But they get corrected in the second half of the year," said Selvan.

But this will get corrected in the second half of the year as festival season and macro conditions help in more transport movement, he added. Secondly, the NBFC's decision to wind down its consumer and small enterprise loans (CSEL) segment by exiting from financial partnerships also contributed to the higher NPAs, he added. CIFCL recently took the decision to wind down the portion of its CSEL business developed through fintech partnerships.

GROSS NPAs

D Arul Selvan, President and Chief Financial Officer, CIFCL

Gross NPAs at CIFCL stood at 4.57 per cent in September 2025, compared to 4.29 per cent in June, while Net NPA stood at 3.07 per cent as of September against 2.86 per cent in June 25. The GST cut had brought two-pronged benefits, said Selvan.

While it led to increased investments in vehicles, it also helped boosted rural consumption, leading to increased transport movement and income for vehicle owners, he noted.

The Murugappa Group NBFC is engaged in vehicle finance, home loans, mortgage loans, SME loans and gold loans.

With a 21 per cent y-o-y growth in assets under management (AUM) as of September 2025, the CFO said that H1 performance had been in line with expectations.

The second half is expected to be even better, helping the company achieve the AUM growth target of 20-23 per cent in FY26.

'Satin Creditcare to launch AIF with ₹500 cr debt fund'

bl.interview

Piyush Shukla
Mumbai

Micro loan major Satin Creditcare plans to launch an alternative investment fund (AIF) with a maiden debt fund of ₹500 crore in FY26, said Chairman and MD HP Singh. The AIF will bring additional flexibility and diversification to the microfinance institution (MFI), which already has separate subsidiaries for MSME and housing finance.

Singh shares guidance on growth and asset quality for H2FY26.

Edited excerpts:

When do you plan to enter the AIF space?

This is going to be a separate subsidiary of ours called Satin Growth Alternatives. This fund will be launched in FY26 and concentrate on inclusion by supporting Climate and ESG, MSMEs and women-led enterprises to a large extent.

We get additional flexibility to support the investee companies with this fund, as we are currently working in microfinance, housing and MSME lending.

We will get more investors to pool in the money, and Satin is going to be the sponsor for this. We have got the team on board, and the first debt fund that we will launch will have a corpus of ₹500 crore.

The first scheme will be close to ₹100 crore, with a likely ticket size of ₹4-6 crore. We may sponsor up to 20 per cent of the initial corpus and bring in more investors for the first fund.

> Within Q2 itself, we have already launched 170 branches. The balance will probably come in Q3. These branches will be spread pan-India
>
> HP SINGH
> Chairman and MD, Satin Creditcare

Your q-o-q disbursements were up 17 per cent in Q2. Is growth finally back for MFI companies?

I can speak about Satin as a large entity. The industry is still de-growing. For us, disbursements have grown. In the first half of the fiscal, growth is typically muted. But if we have managed to post higher growth in H1 itself, H2 will be even better.

We had said that our book will grow 10-15 per cent in FY26, and we are very well on track to achieve it. I would not want to comment on industry growth because they are still grappling with collection and asset quality issues.

We came out from these issues much earlier than the industry and are looking for growth.

What is the progress on the opening of 400 new branches?

We had spoken about opening around 400 branches in the current fiscal. Within Q2 itself, we have already launched 170 branches. The balance will probably come in Q3. These branches will be spread pan-India.

Asset quality trends have improved. Is it due to broader macro stability or tighter underwriting standards?

In FY25, our credit cost levels were around 4.6 per cent. Our aim is to post significantly lower than FY25 credit cost in the current fiscal, and we are on track to meet the target.

The difference for us was that we implemented additional guardrails more than two years before SRO guidelines. The effect of that was while others started facing asset quality issues we did not, as we onboarded good customers. That is the reason why our credit cost is lower than 8-10 per cent of the MFI industry average.

What is your guidance on NIM, and will you consider raising funds in FY26?

Net interest margin (NIM) will likely be around 13.5-14 per cent. Our cost of borrowings has moderated a bit at about 200 basis points (bps), and we gained an advantage in Q2 through direct assignment (securitisation), which had a better effect on yield. We have also done some risk-based pricing for ourselves which aided NIM.

Repo rate cut, obviously, helped the borrowing cost. On capital raise, we don't feel the immediate need for it. But as and when there is a requirement, if our subsidiaries need capital, then we will tap the markets.

We are always open to raising capital, having done multiple rounds of fundraising earlier.

Cholamandalam Financial Holdings Q2 net profit grows 4% to ₹550 crore

Sindhu Hariharan
Chennai

Cholamandalam Financial Holdings Ltd (CFHL) reported a consolidated PAT of ₹550 crore in the quarter ended September 2025 (Q2FY26) against ₹526 crore in the previous quarter ended September 2024, a growth of 4 per cent y-o-y.

TOTAL INCOME

Consolidated total income for the quarter is ₹9,589 crore, registering a growth of 17 per cent.

Revenue from operations was ₹9,461 crore against ₹8,090 crore. For the half-year ended September 30, 2025, the company achieved a consolidated PAT of ₹1,128 crore against ₹1,074 crore in the corresponding period of the previous year.

CFHL is an investment company within the Murugappa Group that holds investments in diverse financial services and insurance subsidiaries, among others.

CFHL holds about 44.37 per cent stake in Cholamandalam Investment & Finance Company Ltd (CIFCL), and about 60 per cent stake in Cholamandalam MS General Insurance Company Ltd (CMSGICL).

मोरजीतील रस्ते धोकादायक

■ टीम दैनिक हेराल्ड

पेडणे, दि. ७ : मोरजी पंचायत क्षेत्रातील रस्ते सध्या धोकादायक बनलेले आहेत. सतत पडत असलेल्या पावसामुळे रस्त्याची दुरुस्ती सार्वजनिक बांधकाम खाते रस्ता विभागाला करताना अडचणी येतात .त्यामुळे या रस्त्याला पडलेले खड्डे त्यात दगड घालून बुजवल्यानंतर पुन्हा खड्डे रुंदावत चालले आहे. परिणामी वाहने चालवताना लहान–मोठे अपघातही घडत आहेत.

मळेकर वाडा ते मुनांगवाडा पर्यंत रस्त्यावर एका पर्यटकांनी चार चाकी वाहनाद्वारे रिक्षा वाहनाला धडक दिल्यामुळे त्यातील दोघेजण जखमी होण्याची घटना घडली होती.

रस्त्याने पडलेल्या खड्ड्यातून वाहने चालवताना वाहन चालकांना बरीच कसरत करावी लागते. जीव मुठीत घेऊन वाहने चालवावी लागतात. समोरील मागून वाहन चालक कसे वाहन चालवतो ? याचा कुणाला थांग पत्ता लागत नाही. खड्डे बुजवताना धोकादायक रस्त्यातून वाहने चालवताना आपला जीव सुरक्षित रहावा या नजरेतून प्रत्येक वाहनचालक काळजी घेऊन वाहने चालवतो. परंतु धोकादायक रस्त्यावरून वाहने चालवताना अधून मधून अपघात घडत आहेत.

Somnath Bharti, ex-Delhi law minister, declared absconder by court

PTI, RAE BARELI (UP): An MP-MLA Court in Rae Bareli has declared former Delhi Law and Justice Minister Somnath Bharti an absconder for failing to appear before it in connection with a 2021 case.

"Somnath Bharti failed to appear for hearing in a 2021 case on Tuesday, following which Additional Chief Judicial Magistrate Dr Vivek Kumar on Thursday declared him an absconder. The court has issued a non-bailable warrant and a notice under Section 82 (proclamation for person absconding) of the Criminal Procedure Code," Special Public Prosecutor Sandeep Kumar Singh said on Friday.

He added that the court has fixed November 13 as the next date of hearing.

Singh said a case was filed against the former minister in 2021 for allegedly misbehaving with police at the Delhi Irrigation Department's guest house.

However, Bharti later secured a bail and the case has been pending ever since in the MP-MLA Court. Despite the court's repeated orders for his in-person appearance, Bharti has not been appearing in court, Singh said.

78 Indian turtles seized on Doon Express

DHANBAD: A total of 78 Indian flapshell turtles were seized from a coach of the Doon Express in Jharkhand's Dhanbad district on Friday, police said.

A senior RPF official said a team conducted a search as the train arrived on a platform at Dhanbad railway station, and found six jute bags under the seats in the coach.

"After no passenger claimed the bags, they were opened. We found live Indian flapshell turtles inside those bags," he said.
