'India set for highest growth among top 5 economies'

New Delhi: Finance secretary TV Somanathan on Thursday said India will continue to clock the highest growth rate among the top five economies in the world in the foreseeable future and asked Indian diaspora to act as a catalyst and supplement government efforts in making India the biggest opportunity. "In terms of the size of opportunity, India is arguably the biggest development opportunity of the future because we are large and we are growing faster than the other large economies," Somanathan said in his address at the Indiaspora G20 forum.

Hindustan Zinc plans to ramp up capacity by 50%

Mumbai: Vedanta-owned Hindustan Zinc Ltd (HZL) plans to raise its zinc production capacity from 1 million tonnes per annum (mtpa) to 1.5 mtpa through brownfield expansion. During FY2023, the company achieved production exceeding 1 million tonnes of refined metal. In the initial quarter of the new fiscal, it recorded a metal production of 257 kilotonnes on the back of investing in latest technology, said Priya Agarwal Hebbbar, Chairperson.

STATE OF THE ECONOMY

To capitalise on the China Plus One strategy, India should focus on building capacity, says **Arun Kumar Garodia**, Chairman, EEPIC India to **Amiti Sen**.

'India-UK FTA can deliver mutually-beneficial results'

Amiti Sen
Jaipur

The India-UK FTA may be close to finalisation and there is optimism that the two sides could deliver "mutually beneficial" results, UK Secretary of State for International Trade Kemi Badenoch has said.

"We are now in the final stages. I can't give a deadline, anything could happen. But what I can say is that I am very optimistic, and I am working closely with my counterpart, Minister to make sure we can deliver something that both our countries will find mutually beneficial," Badenoch said at a media interaction on the sidelines of the G20 Trade & Investment Ministerial Meeting in Jaipur on Thursday.

INDIA-EU FTA

The EU, too, is hopeful of advancing conversations with India on the India-EU FTA and other trade and invest-

G20 should ensure equitable competition in e-commerce: PM

FOR A FAIR WORLD. India stresses need for generic framework to map global value chains

Amiti Sen
Jaipur

The G20 countries should work collectively to ensure equitable competition between large and small sellers in e-commerce while working on principles for digitisation of trade documents to facilitate trade and reduce compliance burden, Prime Minister Narendra Modi has said.

"We must pay more attention to MSMEs, given their key role in the global economy. MSMEs account for 60 to 70 per cent of employment and contribute 50 per cent to the global GDP. They need our continued support," the PM said in his virtual address at the G20 Trade and Investment Ministers' meeting on Thursday.

Noting that India had become the fifth largest economy in the world due to its sustained efforts, the PM said there was policy stability

SEEKING LEVEL PLAYGROUND. PM Narendra Modi addresses the G20 Trade and Investment Ministers' Meeting in Jaipur, via a video conference

in the country and the government was committed to making India the third largest global economy in the next few years.

GOING DIGITAL

Trade ministers and key officials from G20 nations are in Jaipur for the two-day meet.

They seek to jointly decide on measures that can facilitate trade and investment between countries, including making the global value chain

resilient to shocks, integrating MSMEs into global trade, and digitisation of trade documents.

"I am glad that your group is working on the 'high-level principles for the digitalisation of trade documents'. These principles can help countries in implementing cross-border electronic trade measures, and reduce compliance burdens," Modi said.

As cross-border e-commerce continues to grow,

there are challenges as well, the PM cautioned. "We need to work collectively to ensure equitable competition between large and small sellers. We also need to address the problems faced by consumers in fair price discovery and grievance handling mechanisms," he said.

ONDC & UPI

The 'Open Network for Digital Commerce', being implemented in the country, will democratise its digital marketplace eco-system, the PM said.

"We have already done that with our Unified Payments Interface for payment systems. Digitising processes and use of e-commerce have the potential to enhance market access," he said.

Emphasising the need to build resilient and inclusive global value chains (GVC) that can withstand future shocks, Modi said India's proposal to create a generic framework for mapping

GVCs was important. "This framework aims to assess vulnerabilities, minimise risks, and enhance resilience," he noted.

India believes in a rules-based, open, inclusive, multi-lateral trading system, with the WTO at its core.

"India has advocated the concerns of the Global South at the 12th WTO Ministerial Conference. We were able to forge consensus on safeguarding the interests of millions of farmers and small businesses," the PM said.

The G20 comprises 19 countries including Argentina, Australia, Brazil, Canada, China, France, Germany, India, Indonesia, Italy, Japan, Republic of Korea, Mexico, Russia, Saudi Arabia, South Africa, Turkey, the UK, the US, and the European Union. India holds the rotating G20 Presidency this year.

The writer was at Jaipur at the invitation of the Commerce & Industry Ministry

US, UK insist on recognising impact of war in Ukraine

Amiti Sen
Jaipur

Russia's ongoing war with Ukraine has cast a definite shadow on the G20 Trade and Investment Ministers' Meeting in Jaipur with both US Trade Representative Katherine Tai and UK Secretary of State for International Trade Kemi Badenoch stressing on the need to acknowledge its adverse impact on the world.

This could pose a challenge for India, which is holding the G20 Presidency this year, to forge a consensus on the language to be used in the joint communique on the Russia-Ukraine war although there has been good progress in the five trade and investment areas, including MSME integration and GVCs, per sources.

Tai, in her address at the meet on Thursday, stated that trade for growth and prosperity cannot be discussed without acknowledging the serious impact of Russia's "premeditated and unprovoked" war of aggression against Ukraine.

FOOD INFLATION

"Russia's actions demonstrate a callous indifference to human life, both within Ukraine and around the world, particularly in developing countries striving to secure their own prosperity."

"One month ago, Russia suspended its participation in the Black Sea Grain Initiative, which provided a lifeline for hundreds of millions worldwide facing hunger and spiralling food costs by enabling the delivery of 20 million tonnes of grain to lower and middle-income countries," Tai said.

The global food price index has seen a steady rise over the past month. Russia's suspension of the Black Sea Grain Initiative now threatens the food security of the most vulner-

Disagreement over language on Russia could pose challenge to India in drafting joint communique

able populations around the world, she added.

"We call on Russia to reverse its decision, to resume negotiations, and to extend, expand, and fully implement the Initiative immediately for the benefit of the millions of people who depend on Ukrainian grain. Beyond this action, Russia must end its unjustified war of aggression against Ukraine and withdraw all of its forces from Ukraine," the USTR said.

Replying to a question on whether disagreement over Russia and Ukraine among G20 countries could hamper the chances of a joint communique at the Trade and Investment meet, Badenoch said that such things happened at all multilateral meetings.

"From our perspective, in the UK, what we are really emphasising, especially as today is the Ukrainian day of independence, just how significant an impact that war has had on UK trade, on European trade and on global trade. So given who the members of the G20 are, of course, it's (consensus on communique) is going to be difficult," the Secretary of State for International Trade said in a meeting with media representatives on the sidelines of the meet.

CONSENSUS EVADES

Key G20 meetings, including one of Finance Ministers and Central Bank governors in Gandhinagar last month and the Foreign Ministers meeting in Delhi in March, failed to come out with joint communiqués because of the differences between the Western countries and Russia over the Ukraine war.

At meet with USTR, Goyal to press for opening govt procurement to Indian firms, co-operation in key minerals

Amiti Sen
Jaipur

India will press the US to speed up the qualification process for the country's participation in the US government procurement market and intensify partnership in critical minerals at the bilateral meeting between US Trade Representative Katherine Tai and Commerce & Industry Minister Piyush Goyal scheduled on Saturday, sources have said.

The US may take up the matter of import restrictions placed on laptops and computers by India, among other issues, as its industry is unhappy with the move,

the source told *businessline*.

The two countries are also likely to discuss possible ending of their seventh WTO dispute on poultry products, after recently ending six on-going WTO disputes, another official said.

"Indian and US officials are discussing the process in which Indian companies can participate in the US government procurement market. India has to gain a TAA (Trade Agreements Act) equivalence from the US and the terms for that have to be agreed to. This important issue is likely to be on top of the agenda during the Indian Commerce & Industry Minister and USTR's meet," the source said.

Commerce & Industry Minister Piyush Goyal

Prime Minister Narendra Modi, too, had discussed opening of US government procurement for Indian companies in his meeting with US President Joe Biden in June this year. Being included amongst

countries that qualify for participation in US government procurement is important for India as US federal spends are substantial, estimated at about an annual \$665 billion in 2020, per US government estimates.

US SEEKS ROLLBACK

The USTR may take up industry's disappointment with India's decision to impose licensing restrictions on import of some electronic items including laptops, computers and tablets.

While the implementation has been postponed until November 1, the US industry advocates for a reversal of the decision, cit-

ing it as contrary to WTO's non-discrimination rules.

New Delhi had argued that the decision to allow imports of the restricted items through import licences has been taken to ensure that items that come into the country are compliant with India's security requirements and don't expose consumers to risk of information breach.

Biden and Modi had also agreed to work together to ensure that the two countries are well-supplied with the essential critical minerals needed to achieve climate, economic and strategic technology co-operation goals which will now be taken up by the two Ministers.

Generative AI must be regulated, need common framework: Chandrasekaran

KR Srivats
New Delhi

Asserting that 'Generative AI' has to be regulated in "some form", N Chandrasekaran, Chairman of B20 India and Chairman of Tata Sons on Thursday endorsed the responsible use of this technology, stating that it has lot to offer to businesses and the society.

"So much can be done on generative AI. It requires regulation in some form. It is important to see how do we come together to develop a common (global) framework that will result in responsible use of Generative AI without choking innovation. Necessary policy action on this is part of our recommendations and will be discussed in a special session tomorrow (Friday)", Chandrasekaran said here on the eve of B20 India Summit 2023, organised by Confederation of Indian Industry (CII).

"A regulatory framework

N Chandrasekaran, Chairman, Tata Sons

for AI is needed. For every positive case, there is a negative case. That is why discussion is needed."

Regulation of AI is among the 54 policy recommendations made by the B20 and submitted to the G20 for further action. Policy recommendations also include measures needed to promote growth, trade and investments.

For the three-day B20 India Summit 2023 commencing on Friday, more than 1,700 business leaders from 55 countries are expected to participate in the Summit to be held

in the Capital.

UPBEAT ON ECONOMY

On Indian economy, Chandrasekaran highlighted that its growth momentum was continuing against the current trend in the world. The global transition is placing India uniquely in several domains such as energy transition, digital transformation and artificial intelligence and supply chain resilience due to the geo-political situation.

B20 India had over the last several months held intense engagement with business leaders abroad as well as those within India to discuss on the identified areas.

Seven task forces and two action councils went into the identified themes. B20 has also now come with follow-up mechanism to take the dialogue forward.

The areas include adopting AI to scale so that not only businesses but societies can also benefit; supply chain financing and empowerment of women.

Shipping Ministry mulls ₹11,000-cr PLI for box manufacture

Abhishek Law
New Delhi

The Ministry of Ports, Shipping and Waterways is mulling over a ₹11,000-crore PLI scheme spread over a nine-year period for the manufacture of shipping containers. The scheme will look to push the country as a shipping container manufacturing hub, competing with the likes of China, and garnering at least 10 per cent demand from global liners.

According to a Cabinet note accessed by *businessline*, of the nine years of outlay, incentives will be fixed for the first five years, while it would

"taper or decrease" for the next four years.

Feasibility studies for the PLI scheme were carried out by the Kolkata-based Indian Institute of Foreign Trade.

A senior Shipping Ministry official said, due to Covid, India has seen an acute shortage of shipping containers since October 2020, which has disrupted the global supply chain.

PLI DRAFT

Two incentive schemes are being proposed — one, based on the differential price between the Indian and international manufacturer; and two, a differential price calculation if the PLI beneficiary

fails to have incremental production. Calculations of incentives are being worked out.

Those aware say financial implications are estimated at around ₹32 crore in Year 1; which then increases to ₹88 crore in Year 2; the outlay is

expected to jump 10-fold to ₹880 crore in Year 3; at ₹1,890 crore in year 4 and then to ₹2,800 crore in year 5.

It subsequently tapers down. In year six, it is ₹2,160 crore, in year 7, ₹1,620 crore, in year 8 ₹1,000 crore, and finally down to ₹550 crore in the last year (year 9).

A review will be carried out in the eighth year to see if the scheme is to be extended or not. The first two years of the scheme have been pushed as an "incubation stage", where manufacturing facilities are expected to come up.

COUNTERING CHINA

According to the Cabinet note, international container

manufacturing is dominated by China and nearly 90 per cent of the global demand is met by that nation.

Incidentally, India, too, depends on China for such supplies.

However, with a 'China plus one' policy becoming popular because of trade tensions and global supply disruptions, the world is looking at alternatives to de-risk. Companies are also planning to set up shop apart from in China.

"...there is need to create a domestic ecosystem towards promotion of manufacturing in shipping. To achieve this, a (PLI) scheme is proposed to be implemented," the Cabinet note mentions.

Parl panel begins examining bills to replace existing criminal laws

Home Secretary makes presentation on proposed legislation

PTI, NEW DELHI: A parliamentary panel on Thursday began examining the three bills that seek to replace the Indian Penal Code (IPC), Criminal Procedure Code (CrPc) and the Evidence Act, with Union Home Secretary Ajay Bhalla making a detailed presentation on various aspects of the proposed legislation.

CRIMINAL LAWS

Opposition members raised a range of issues, with DMK's Dayanidhi Maran alleging that Hindi names given to the bills are violative of Article 348 of the Constitution and seeking consultations with stakeholders like states, judges and bar associations from across the country, sources said.

They added that Maran submitted a letter listing his objections and demands, including giving English

names to the bills, to the Standing Committee on Home Affairs Chairperson Brijlal, a BJP MP and former IPS officer. Many members, including from the BJP, praised the thrust of the bill. Sources said BJP MP Dilip Ghosh alleged that in a state like West Bengal, even serious cases are not registered at times and called for measures to ensure that victims are given justice. TMC member Derek O'Brien asked why the new bills were brought in as the existing laws could well be amended as well. Congress member Digvijay Singh said the committee should not rush in preparing its report and take time to do a thorough job.

Opposition members also supported Maran's contentions. Bhalla's presentation highlighted the main features of the three bills, including the removal of sedition as an offence and

proposing stringent measures for crimes against children. He noted that views were gathered from a wide range of sources, ranging from chief ministers, judges, governors and MPs before the bills were introduced. Home Minister Amit Shah had introduced the three bills -- the Bharatiya Nyaya Sanhita, Bharatiya Nagarik Suraksha Sanhita and the Bharatiya Sakshya Bill -- in the Lok Sabha during Parliament's Monsoon session. The House had referred them to the standing committee.

Rajya Sabha Chairperson Jagdeep Dhankhar had on August 18 formally sent the bills to the committee and asked it to submit its report in three months, in time for the government to table the updated bills in the next session of Parliament. Bhalla's presentation will continue for two more days -- Friday and Saturday. Sources said the committee will meet on September

11 and 12 as it seeks to speed up its work and elicit the views of various domain experts. The home secretary is likely to be present on the two days as well. In his letter, Maran said the connecting language of all states is English and unless all stakeholders know the name of the proposed laws in this "common language" their implementation will be difficult.

"Hindi cannot be imposed through these bills in non-Hindi speaking states like Tamil Nadu and I strongly object to usage of Hindi titles and also text inside the three Bills," the DMK member said.

23 workers from Bengal feared dead

22 bodies recovered so far

PTI, AIZAWL/ MALDA: Twenty-three people are believed to be dead in the under-construction railway bridge collapse in Mizoram's Aizawl district, though 22 bodies have been recovered so far, officials said on Thursday.

A search is underway for the one person who is still missing, they said, adding that the chance of his survival is bleak. Among the three people injured, two were discharged after being provided first aid, while the other person was admitted to the Civil Hospital in Aizawl with a fracture in the right hand.

All the 26 people working there were from the Malda district of West Bengal. The railways said the accident that took place on Wednesday was due to the collapse of a gantry, which was being launched on the under-construction bridge over the Kurung river. A high-level commit-

tee has been constituted to probe the incident involving the under-construction bridge, one of the 130 bridges in the Bhairavi-Sairang new railway line project.

Two dead, six injured as portion of building collapses in Delhi

PTI, NEW DELHI: Two workers were killed and six others got injured on Thursday after a portion of an under-construction building in southeast Delhi's Okhla area collapsed on them, police said.

The incident took place when excavation work to construct a basement was underway at the site, located at Sanjay Colony, Okhla Industrial Area Phase 2, Deputy Commissioner of Police (South-east) Rajesh Deo said. Fire officials said they received information about the incident at 4.55 pm, following which three fire tenders were rushed to the spot.

A team of the fire department rescued the workers who got trapped after a portion of the building's basement caved in, they added.

5. The sale will be of the property of the Defendant Nos. 2 and 3 above named as mentioned in the schedule below and the liabilities and claims attaching to the said property, so far as they have been ascertained, are those specified in the schedule attached each lot.

6. The property will be put up for sale in the lots specified in the schedule, if the amount to be realized is satisfied by the sale of a portion of the property, the sale shall be immediately stopped with respect to the remainder. The sale also shall be stopped, if before any lot is knocked down, the arrears mentioned in the said certificate, interest and charges (including cost) are tendered to the officer conducting the sale or proof is given to his satisfaction that the amount of such certificate, interest and costs have been paid to the undersigned.

7. No officer or other person having any duty to perform in connection with the sale either directly or indirectly bid for, acquire or attempt to acquire any interest in the property sold. The sale shall be subject to the conditions prescribed in Second Schedule of the Income Tax Act 1961 and the Rules made there under and to the further following conditions:

8. The Particulars specified in the annexed schedule have been stated on the best of the information of the undersigned, but the undersigned shall not be answerable for any error, misstatement, or omission on the proclamation.

9. The assets shall be auctioned as per the following details:

Description of the property	Date of inspection	Revenue Price	EMD Amount	Increment Bid
Plot no. 8 and 4, adm. 2954 Sq. mts & 200 Sq. Mts (Total 3154 Sq. mts) bearing No. 134 and 137 forming part of larger property known as Pizanzor/Pizanzor OR Cotto of "PICARANCHIZOR" situated at village Curti Taluka Ponda, Dist. South Goa.	22/09/2023	Rs. 1,70,000,000/-	Rs. 17,00,000/-	Rs. 1,00,000/-

10. The highest bidder shall be declared to be the purchaser of any lot. It shall be in the discretion of the undersigned to decline/acceptance of the highest bid when the price offered appears so clearly inadequate as to make it inadvisable to do so.

11. The public at large is hereby invited to bid in the said E-Auction. The online offers along with EMD is payable by way of RTGS/NEFT in the Account No. 324901980050000 in the name of Union Bank of India, Panaji branch, Goa. An Attested Certificate Holder Bank at Goa, Attested photocopy of TAN/PAN card and Address Proof shall be uploaded with the online offer. The offer for more than one property shall be made separately. The last date for submission of online offers along with EMD and the other information/details is 27/09/2023 upto 4:30 p.m. The Physical inspection of the immovable property mentioned herein below may be taken on 22/09/2023 between 11.00 p.m. and 4.00 p.m. at the property site.

12. The copy of PAN card, Address proof and identity proof, E-mail ID, Mobile No. and declaration if any are bidding on their own behalf or on behalf of their principals. In the latter case, they shall be required to deposit their authority and in default their bids shall be rejected. In case of the company copy of resolution passed by the board members of the company or any other document confirming representation /attorney of the company and the receipt /counter file of such deposit should reach to the said service provider or CH Bank by e-mail or otherwise by the said date and hard copy shall be submitted before the Recovery Officer, DRT-1, Mumbai on or before 27/09/2023 upto 4:30 p.m. In case of failure the bid will not be considered.

13. The successful bidder shall have to deposit 25% of his final bid amount after adjustment of EMD by next banking working day upto 4.00 P.M. in the said account as per detail mentioned in para 4 above.

14. The purchaser shall deposit the balance 75% of final bid amount on or before 15th day from the date of sale of the property. If the 15th day is Sunday or other Holiday, then on the first banking working day after the 15th day by prescribed mode as stated in para 4 above. In addition to the above the purchaser shall also deposit **pondage fee** with Recovery Officer, DRT-1 @ 2% upto Rs.1,000 and @ 4% of the balance of the final amount of Rs. 1,000/- through DD in favour of Registrar, DRT-1, Mumbai.

15. In case of default of payment within the prescribed period, the deposit, after defraying the expenses of the sale, may, if the undersigned thinks fit, be forfeited to the Government and the defaulting purchaser shall forfeit all claims to the property or the amount deposited. The property shall be resold, after the issue of fresh proclamation of sale. Further the purchaser shall also be liable to make good of any shortfall or difference between his final bid amount and the price for which it is subsequently sold.

16. The refund of EMD to the unsuccessful bidder (s), at the close of auction, shall be made only in the account number mentioned by such bidder by the concerned bank.

17. The property is being sold on "AS IS WHERE IS BASIS" AND "AS IS WHAT IS BASIS".

18. The undersigned reserves the right to accept or reject any or all bids if found unreasonable or postpone the auction at any time without assigning any reason.

19. Details of any other encumbrance to which property is liable.

20. Claims, if any, which have been put forward by the property, and any other known particulars relating to its nature and value.

No.	Description of the property to be sold with the names of the co-owners where the property belongs to defaulter and any other person as co-owners.	Revenue assessed thereon	Details of any other encumbrance to which property is liable.	Claims, if any, which have been put forward by the property, and any other known particulars relating to its nature and value.
